

The Hindmarsh Hall

Use of the Hall for Children's Parties

We are delighted that you chose to use our hall for your child's party. May we please make you aware of the following details?

- It is your responsibility to ensure that all children are supervised at all times throughout the building, in particular children should not use the lift unaccompanied or go into the kitchen.
- Organisers should be aware that the front doors open directly onto the street and also be aware that children might leave the building un-noticed.
- Glitter, indoor fireworks and naked flames including candles are not permitted in the Hall. An exception is made for birthday cake candles.
- Please sort waste and recycle appropriately.
- Please leave the hall tidy as indicated in the hiring agreement.
- Please turn off all the lights before departure including those on the stairs.
- Please remember to lock both the hall doors after use.

We hope you have a successful and fun party.
